EXAMINER'S AMENDMENT

1. This action is responsive to RCE received on May 2, 2005. Claims 38-40 were amended.
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Brian Keating on May 20, 2005.

3. Please amend the claims as follows:

Claim 38: replace "que" after "message through a" at line 18 with --queue--.

Claim 39: replace "que" after "message through the" at line 14 with --queue--.

Claim 40: replace "que" after "message through the" at line 4 with --queue--.

4. Claims 38-44 are allowed.
5. The prior art of record fails to teach neither singly or in combination the claimed limitation of " wherein the first application interface library determines whether the first application user event data is a first type of event data which requires a change to a field in a cookie file to provide real time communication to other applications of the system, and the first application determines whether the user event data is a second type of user event data which does not require real time communication to other applications of the system; using a cookie access library to update a change in a field in the cookie file where the first application user event data is determined to be a first type
